“A place to incubate high risk ideas to solve stubborn economic and social problems” was a reason given for establishing community foundations back in 1914. Frederick Harris Goff, largely recognized as the founder of the community foundation movement, went on to describe community foundations as “a permanent organization flexible enough to seize opportunities of any era.”

It is noteworthy that in 1914, the field of philanthropy was largely driven by extremely wealthy industrialists: Rockefeller, Carnegie, Mellon, Ford, Getty and others. There was not much room for the person of more modest means to participate. The community foundation model changed that by allowing individuals to pool funds to address the social issues of their community. More important than money, the community foundation put the control of the money in the hands of the public.

Today, thanks to the foresighted leadership of a group of Bartholomew County citizens, Heritage Fund stands ready to help anyone become a philanthropist and to get involved in making our community the best place it can be.

Heritage Fund works to improve today for a better tomorrow. Local people volunteer their time to guide and support the work of the community foundation. They ensure that funds are used and invested wisely to address the most serious issues of today while ensuring resources remain to address...
the issues of tomorrow. Scholarships, grants, convening community gatherings and coalitions are important ways that Heritage Fund staff supports the community.

We are pleased and proud to share with you some key measures of the work we do. We invite you to visit our website for more detailed information or contact us directly if you have questions. None of this work would be possible without the generous donations of community members both past and present. Please help us continue to ensure that resources are available for future generations in Bartholomew County.

Heritage Fund exists and is able to make our community a better place thanks to the generosity and vision of donors past and present. It is with our deepest gratitude that we thank all of you for your investment in the future of this community and for entrusting Heritage Fund with your precious gifts. Our community is a better place because of you!

WHY WE GIVE

“As a community, we are blessed to have a foundation like the Heritage Fund, which truly serves as a catalyst for positive change in Bartholomew County. In 2016, we chose to give to the Women’s Giving Circle because of their mission to empower women and make positive changes in the lives of women in our community. We love the idea that individually we don’t have the resources to solve major social problems, but collectively we can pool our resources and truly make a difference.

My parents (Jim and Peggy Voelz) instilled in me at a very young age the importance of giving back, and my husband and I hope to do the same with our girls. We live in an amazing community, and it became great because of the passion, involvement and funding of community members like us. We hope our girls will grow up understanding that they can have a positive impact on our world.”

— Laura Garrett
COMMUNITY FUND GRANT HIGHLIGHTS

LATIN AMERICAN ARTS AND CULTURE PROGRAM AT CLIFTY CREEK ELEMENTARY SCHOOL

In August 2016, Heritage Fund awarded a grant to Clifty Creek Elementary School for a Latin American Arts and Culture program. During the 2016-2017 school year, students engaged with local artists and performers to celebrate art, music and dance of Latin America. The project promoted social tolerance, provided hands-on learning experiences and allowed the students and families of Clifty Creek Elementary to appreciate the highly diverse cultural fabric of the school and local community.

FRIENDSHIP ALLEY MURAL BY IVY TECH VISCOMM DEPARTMENT

As part of our community’s celebration of the state bicentennial, Heritage Fund awarded a grant to Ivy Tech Community College – Department of Visual Communications to design a mural, titled Kaleidoscopic View, in the Jackson Street Garage pedestrian tunnel. The mural involved partnerships with the City of Columbus, Downtown Merchants Association, Columbus Area Visitors Center, students from Ivy Tech and local high schools and several corporate sponsors. Students were responsible for all aspects of the project – from the mural design and implementation to collaboration with partners. The mural was selected as the city’s favorite bicentennial project.

AREAS OF IMPACT

IDENTIFYING NEEDS
At Heritage Fund, we realize that purposeful collaboration is vital to achieving long-term change and impact in our community. In 2016, we conducted a Community Impact Scan to evaluate needs and opportunities in Bartholomew County. Utilizing input from community experts in health care, economic development, social services, government and the arts, a list of specific issues where Heritage Fund can make a substantial difference was created and approved by the Board. In the years to come, a portion of unrestricted grants from the Community Fund will go to support collaborative initiatives in the following Areas of Impact: Youth Development, Substance Abuse, Neighborhood Revitalization, Innovation and Creativity and Welcoming Community.

YOUTH DEVELOPMENT
Youth Development, one of our Areas of Impact, has recently been reinvigorated due, in part, to a multi-year grant from Heritage Fund to support a Family Success Coordinator to manage efforts of the Council for Youth Development (CYD). CYD is a Bartholomew County network that identifies, coordinates and aligns community efforts to ensure the development of the whole child. With over 50 stakeholders, CYD is utilizing a coalition-building process to answer the question: How can we work together to ensure that every child is healthy, safe, educated, engaged, and supported throughout Bartholomew County? There are no easy answers to this question. With county-wide data demonstrating a decline in key indicators in many of these areas, we recognize that quick-fixes and stand-alone programs will not achieve the significant improvements we want to see for our children. As with all of our Areas of Impact, Heritage Fund is committed to serving as a partner – through funding, manpower and leadership – to support the long-term interests of all members of our community.
SCHOLARSHIPS

Heritage Fund’s extensive scholarship program is really a living history – a collection of more than 80 distinctive stories of family and friends, of career goals and athletic talents, personal passions and school pride. Just as each scholarship’s individual award amount or criteria may differ, so do their backgrounds. Yet they all share a purpose – to provide opportunities for students. As one of our past recipients noted, the financial support was much appreciated – but knowing “that someone believed in me” made an even greater difference. Our scholarships build legacies, embolden ambitions, and sometimes, help heal. Our memorial scholarships provide a powerful means for donors to create lasting tributes and turn grief to good in the gratitude of recipients who benefit from their support. It is our honor to assist donors as they honor the lives of their loved ones. This year, three new memorial scholarships have been established as remembrances to a dear husband, a beloved young son and a compassionate colleague – legacies that will live on through their ability to help students pursue their education. Whether it’s to follow a particular professional path, study at an alma mater or simply provide a financial boost toward a semester’s expenses, Heritage Fund scholarships enable donors to invest in the future, and students to continue working toward their dreams.

“Being an HFBC scholarship recipient was one of the most amazing feelings in my life. It also altered my work ethic in school. I went from striving to be a great student to an excellent one, and my grades after the scholarship definitely reflect that change.”

ENGAGE COLUMBUS

2016 was another great year for the Engage Columbus program. This program was launched in 2015 as a three-year pilot with a mission to connect people to the information, resources and opportunities that will help them feel welcome and engaged in the community. Since that time, Engage has connected more than 1,200 members of the Columbus community to more than 3,000 local resources, helping people to “Love Where They Live!”

Talent attraction and retention remain a focus area for Engage Columbus. 2016 also brought a partnership with Cummins to meet with and engage new hires through the onboarding process.

Engage Columbus Programs & Services:

Discover Columbus: Monthly tours of community locations and resources. 2016 tours included Columbus Regional Health, Columbus Police Department, City Hall, Bartholomew County Courthouse, United Way and others.

Conversation Club: An opportunity for members of the community for whom English is not their first language to practice conversation skills in a supportive and welcoming environment.

Community Connections: A valuable community resource for new and existing members of the community to ask questions and get connected.

Love Where You Live Challenge: A fun opportunity to experience your community in a different way.

Corporate Onboarding: Service offered to corporate partners to help new hires transition effectively into the Columbus community.

International Tea: Monthly event to celebrate the various cultures that call Columbus home.
EXHIBIT COLUMBUS

Exhibit Columbus, a program of Landmark Columbus and project of Heritage Fund, has had tremendous impact in the community and has potential for much more. We believe the exponential effect of the related programming, curatorial focus and community commitment will lead to a revitalized interest in investing in the value of good design to make Columbus a great place to live.

The tremendous success of the 2016 Exhibit Columbus Symposium, “Foundations and Futures,” has catapulted Columbus back into the global conversation about design. During a 2.5 day period this fall the symposium drew over 1,000 unique attendees, and more than 500 came to the Keynote Session with Will Miller, and architects Deborah Berke and Robert A.M. Stern in conversation with community leaders. The cultural impact of this event is comparable to the 2011 opening of the Miller House and Garden and the 1994 hosting of Pritzker Architecture Prize Awards.

Attending the symposium were the representatives of Dwell Magazine and Metropolis Magazine, Architect’s Newspaper, Archinect and a number of local and regional media outlets. There were civic leaders and leaders in architecture, art and design, including deans and board members from Indiana University and Ball State University and many professors and students from graduate programs in architecture from around the region. Leaders from Design Miami and Herman Miller were also in attendance.

The potential for success continues to grow as does interest in the 2017 exhibition, which opens on August 26.

HERITAGE FUND ADMINISTRATIVE ENDOWMENT FUND

An administrative endowment fund was established in 2006 by Heritage Fund's Board of Directors. Gifts to this fund ensure that the foundation will continue to provide service to the community forever. Gifts of any size are welcome; gifts of $5,000 or more create a named fund.

We thank these generous donors who understood the power of endowment, ensuring long-term sustainability for the administration of Heritage Fund.
